### **Corona Virus Single Case Confirmation at School**

Dear parents

Wednesday 18th November 2020

I am making all members of the Lisle Marsden Community aware that we have been informed today that a child in Year 5 has tested positive for Corona Virus.

This is a single case, affecting a limited number of pupils in one class. The parents of the children identified as being in possible close contact have been informed personally by the academy, and these children will be required to self-isolate as a precautionary measure for the next 14 days. Remote learning will be provided to the children to ensure their education can continue.

All necessary precautions have been taken, with advice from the Local Health Protection Team; including a deep clean of the classroom this evening.

The attached letter from Public Health England provides further information for parents and members of the Lisle Marsden Community, should they be concerned.

This single case does not affect the running of the academy in anyway, all children and staff can continue to attend as normal.

Sadly, with so many positive cases in the local Community and infection rates in Grimsby some of the highest in the country, a very large academy like Lisle Marsden is vulnerable and likely to be affected. This will naturally cause anxiety for people. We urge all parents to continue to follow the guidelines to keep yourselves, family members and our community as safe as possible.

Please don't worry. We look forward to seeing everybody in school tomorrow.

Dan Kinsey

Headteacher
